

# Are you a parent or guardian of a child with asthma?

Researchers at Imperial College London are exploring why some children develop asthma and how different social and environmental factors may play a role (for example, exposure to second-hand smoke, poor air quality and poor housing conditions).

## Who can get involved?

- Parents and guardians of children aged 5-16 years who have doctor-diagnosed asthma.

## What's involved?

- Attend a 1.5 hour online meeting in June 2023 to share your views on caring for a child with asthma

## Why get involved?

- Share your valuable lived experience of caring for a child with asthma
- Help shape exciting new research
- Receive reimbursement for your time involved
