

You're invited!

We're launching a new network to shape the future of dementia care in the UK. Join us on 11th October to find out how you can get involved.

The UK Dementia Research Institute's Care Research & Technology Centre (CR&T) is delighted to invite you to the Official Launch of our public involvement network: "Friends of CR&T". This network will create long-term impact on health and social care research, systems and policy.

Join us for an evening of workshops, talks, food and drink. Exchange ideas, hear from experts, meet new people, and find out how you can **shape the future of our research.**
